Introducing...

A NEW DAY

**STRATEGIES FOR MOVING
CHILDREN'S MINISTRIES
FORWARD
IN THE NEW NORMAL**

A NEW DAY HAS COME

The COVID-19 pandemic has impacted all our ministries to children. The way we teach kids, serve families, and connect with volunteers has changed and left many of us wondering how to confidently move forward in our ministries. While the "new normal" of our day has its unique challenges, it also positions us to reevaluate our ministries and adjust them for greater influence.

International Children's Ministries presents an all-new One-Day training experience for local churches, districts, states, and regions!

A NEW DAY: Strategies for Moving Children's Ministries Forward in the New Normal presents six foundational elements upon which to emerge from the difficulties of this season and serve with renewed passion, commitment, and effectiveness. This NEW DAY in ministry will call for children's ministries that are:

- Awakened to Move Forward in Confidence
- Driven by Vision and Value
- Focused on Families and Influencers
- Equipping Missionally-minded Volunteers, Kids, and Families
- Embracing New Strategies and Technologies
- Connecting Relationally and Intentionally with Kids

OTHER ONE-DAY OPTIONS

INFLUENCING THE INFLUENCERS

If the church wants to disciple and influence this current generation of children for Christ and thereby impact future generations, we must intentionally and strategically influence those with whom children are spending the majority of their time. "Influencing the Influencers" includes four sessions; Influencing the Influencers, Influencing at Church, Influencing Beyond Church, and Milestone Moments. Each session is aimed at equipping the church to engage parents, grandparents, and other influencers in the discipling of their children.

BUILD TO LAST A LIFETIME

Will the foundation we are laying in the lives of children last a lifetime and beyond? Participants will uncover the foundations that will not last and commit to laying the only true foundation in the lives of our children. They'll learn how to become an expert builder, construct effective lessons, sharpen the essential tools of children's ministry, and create safe environments for kids.

CENTER STAGE

Center Stage invites attendees to go "behind the scenes" in Christ's ministry to see how those moments impacted His mission. In ACT I of this One-Day, KNOW, they'll learn practical strategies to help kids begin the exciting journey of knowing God. ACT II: LIVE provides ways to help kids live out the Christ-centered life. ACT III: SERVE explores 3 areas of service, as well as creative ways to get kids involved in serving.

CM ESSENTIALS

In this One-Day, participants consider the question, "What is Children's Ministry?" They will uncover a few of the basic essentials that lead to an effective and sustainable ministry to kids. One of these basic and most essential skills every children's minister must know and use is the ability to develop a creative, relevant Bible lesson. Skillful use of these essentials will lead to children becoming not just hearers of God's Word but doers of God's Word. Participants will also consider various creative teaching methods that motivate every child to LEARN and LIVE God's Word.

PASTORING KIDS

Today's kids need good shepherds. They need individuals who are interested in their care and committed to providing for their needs. They need someone who will lead them in right paths—paths away from self-centeredness and immorality. They need someone who will protect, comfort, discipline, and restore. They need you.

In this One-Day, participants will discover the attitudes that will help them develop a shepherd's heart for the children they serve. They'll learn practical and easy-to-implement ways to invest in the lives of the kids they serve. They'll learn characteristics of ministry that engage postmodern kids, and also how to help children who have experienced divorce, abuse, bullying, and others crises.
