

Children's Ministries

developing leaders, impacting kids

International Children's Ministries is committed to developing leaders who have an eternal impact on the lives of the children they serve. We do so by providing quality and accessible **training** experiences, producing relevant **resources** for local church ministry, and cultivating a **community** for support and encouragement.

CHILDREN'S MINISTRIES CERTIFICATION

Children's Ministry Certification is a self-paced, online or correspondence, certificate program for children's ministers. Presently, it consists of two levels of mastery for the children's minister, a basic competency level and a leadership level. Within each level of training, each module includes video presentations, assignments, assessments, and supplemental resource materials.

After viewing each module and successfully completing assignments, participants are issued a certificate of completion for each course they finish.

Courses are available in English and Spanish on electronic flash drive and fully online.

INSTITUTE OF CHILDREN'S MINISTRY

ICM is the premier training event for local church children's ministers and those serving kids at camp. The Institute provides an environment that encourages spiritual formation, provides relevant workshops, gives opportunities for networking with other children's ministers and those who serve in camping ministry, and leadership development. Find out more about the 2023 Institute at instituteofchildrensministry.org.

ONE-DAY TRAINING INTENSIVES

One-day training intensives offer relevant, interactive ministry and leadership training for your local church or district at a minimal cost. To schedule one of our trainers, contact our office.

CM LIVE! WEBINARS

CM LIVE WEBINARS & YOUTUBE ARCHIVES

Would you like to offer training to your children's ministry team that is accessible, relevant, and free? Children's Ministry offers 1-hour live webinars throughout the year that individuals or entire ministry teams can view. Visit our website for upcoming dates. In the meantime, more than 90 hours of on-demand webinars are available on our YouTube channel!

DEVELOPING LEADERS, IMPACTING KIDS PODCAST

The DLIK Podcast presents interviews from current leaders in children's ministry about the most relevant topics impacting today's children's minister. Find the DLIK podcast wherever you access your favorite podcasts or by visiting our website!
